

## Special E-Mail Notification

**New Anti-Fungal Topical Medicine**  
Now Available to all Patients at the  
Advanced Footcare Clinic!

# Are you one of the millions of Americans who...

Have tried to get rid of an **infected** toe nail or finger nail?

Tired of fighting **thick, yellow** and flaking nails?

Avoid wearing sandals or open toed shoes in public?

Are **embarrassed** to go to the beach or show your toenails or fingernails in public?

If you answered **yes** to the above questions, you're not alone. **35 Million** people across the country are fighting nail fungus problems. No longer will you have to wear your **socks** to bed, **grimace** when you see your feet or **avoid** wearing sandals in public. Now you can wear those open toe shoes or go to the public swimming pool without *worrying* about what other people will think.

This is your solution  
for toenail fungus.

**Take the First  
Step to Get Rid of  
Your Toenail  
Fungus**

**The Advanced Footcare Clinic has just  
introduced Formula 3® Antifungal**

**Professional. Formula 3® is a topical treatment for toenail fungus that is dispensed only by Physicians.**

## **What Makes Formula 3 Anti-Fungal Professional Nail Fungus Remedy Different from other topical medications?**

**Formula 3 has a patented technology that makes the active ingredient -Tolnaftate oil- soluble and able to penetrate the nail. This has been the main cause of ineffectiveness of other topical treatments.**

### **Formula 3® has:**

- An easy to apply brush that allows you to get under and around nails and nail beds.
- A blend of all natural oils, it will not irritate the skin or build up on the nail and require removal.
- No drying time. Absorbs in seconds!
- A fast working formula that gives you healthier looking nails. Most patients see new healthy growth at the cuticle root in just 4-6 weeks of use.
- [An unconditional, Patient Direct, Money back guarantee from Manufacturer](#)
