

Cash For Clunkers
Advanced Footcare Clinic

Old Orthotic
BUYBACK*

Good for your Feet! Good for your pocket!

Do your Orthotics look old and shabby?
Have they lost their functionality?

***Let us buyback your old Orthotics for **\$50.00**
and then you order a brand new pair!**

Must purchase new custom orthotics for buyback program eligibility.

If orthotics aren't covered by your insurance ask about our

'Quick Pay' Program!

Good 2-1-11 thru 3-31-11

Now is a great time to replace those worn-out orthotics and insoles. Give us a call and tell us that you "have a clunker to trade in" and you'll receive up to \$50 off a new pair of custom orthotics. The money comes right off the cash balance of the orthotics once we hear from your insurance company.

If your clunker wasn't made by our office? No problem! You can take advantage of this program even if you've never been to our office before.

If you've recently gotten one of our custom orthotics that are working great and it's not time to replace them, think about a second pair. It's perfect for dress shoes, high heels, western boots, bike shoes, or just for the convenience of having another. If this is something you need, let us know and we'll give you up to \$25 off the cash balance.

All orthotics accepted no matter the condition!

Most insurance plans accepted!

**We'll digitally scan your feet to create a 3-D
image of your foot to make your new
custom orthotics.**
